## LDSB’s Intention, Mission, Vision, and Values

### **Our Intention:**

To make a positive difference in the lives of every student, in every classroom, in every school.

### **Our Mission:**

To make a positive difference in the lives of the students we serve by empowering every student with the essential skills to shape their future, be lifelong learners, and contribute meaningfully to an interconnected, inclusive, and evolving world.

### **Our Vision:**

For all students, families, and staff to feel they belong within Limestone: a system that understands and supports learners’ strengths, needs, and preferences; inspires their hearts and minds; and nurtures hope for the future success of every student, in every classroom, in every school.

### **Our Values:**

Effective school boards have strong shared beliefs and values about what is possible for students and their ability to learn, and of the system and its ability to teach all students at high levels. Our core values are critical to achieving our priorities as outlined in our mission and vision.

**Adaptability**

**Community**

**Creativity**

**Empathy**

**Equity**

**Integrity**

**Respect**

## A. Aim

This Multi-Year Accessibility Plan is developed in accordance with the *Integrated Accessibility Standards Regulation* under the *Accessibility for Ontarians with Disabilities Act, 2005* (AODA). It incorporates the intentions of the board to meet its obligations under the *Ontarians with Disabilities Act, 2001*.

Furthermore, in 2017, two standards development committees were established to address barriers facing students: one focused on K-12, and another focused on postsecondary education. The K-12 Accessibility Standards recommendations are designed to reduce and prevent accessibility barriers in the publicly funded education system. These standards set out the Committee's initial recommendations for a proposed education accessibility standard. In anticipation of many, if not all of these recommendations becoming finalized, the Limestone District School Board (LDSB) Accessibility Committee has decided to include our work on these standards in our Multi-Year Plan.

The Multi-Year Accessibility Plan describes the measure that the board will take over the three-year period from January 1, 2023, to December 31, 2026, to identify, remove, and prevent barriers to people with disabilities who work, learn, and participate in the school board community and environment including students, staff, parents and caregivers, volunteers, and visitors to the board and its schools. The LDSB is committed to the continual improvement of access to school board facilities, policies, programs, practices, and services for people with disabilities. The plan will be guided by the Board's [Accessibility Standards- Policy Statement](#), as well as the Board's Mission, Vision, and Values.

## B. Objectives

This plan:

- Describes the process by which the LDSB will identify, remove, and prevent barriers.
- Reviews recent efforts to remove and prevent barriers.
- Describes the measures LDSB will take during the period of January 1, 2023, to December 31, 2026, to identify, remove, and prevent barriers.
- Describes how LDSB will make this Multi-Year Accessibility Plan available to the public.
- Makes a commitment to provide an annual status report on the board's implementation of the Multi-Year Accessibility Plan.
- Makes a commitment to review and update this Multi-Year Accessibility Plan at least once every three years.

## C. Commitment to Accessibility Planning

This plan will be established, reviewed, and updated in consultation with persons with disabilities, the Board’s Special Education Advisory Committee (SEAC), the Accessibility Planning Committee, and other interest holder groups, as deemed appropriate. The LDSB is committed to:

- Maintaining an Accessibility Planning Committee;
- Creating and maintaining a network of staff, students, and community members with disabilities to provide input on accessibility items;
- Continuing the process of consulting with the SEAC;
- Ensuring, wherever possible, that Board policies, procedures, and practices are consistent with the principles of accessibility and inclusive/universal design. The Accessibility Planning Committee will provide input re: accessibility issues, where appropriate, with regards to new policies and procedures and to those under review;
- Using the K-12 Education Accessibility Standards to improve access to facilities, policies, programs, practices, and services for students, staff, parents/caregivers, volunteers, and members of the community;
- Consideration of ongoing identification of barriers will be the responsibility of the Accessibility Planning Committee and will, wherever practicable, be incorporated into the Multi-Year plan.

The Director of Education has authorized the Accessibility Planning Committee to review and update the Multi-Year Accessibility Plan that will enable the LDSB to meet these commitments.

## D. Description of the LDSB

The LDSB offers elementary and secondary students an education that is enriched with diverse and unique programming opportunities and activities to complement the Ontario curriculum while supporting the achievement and well-being of every student.

The district serves more than 20,500 students in 55 schools and five alternative education centres covering a geographic area of 7,719 square kilometres across the City of Kingston, the Townships of Central Frontenac, North Frontenac, South Frontenac, Addington Highlands, Loyalist, Stone Mills, the Frontenac Islands, and the Town of Greater Napanee.

### F. Strategy for Prevention and Removal of Barriers

The principles of inclusionary practice, freedom from barriers and accessible environments inform all policies, programs, procedures, and services of the LDSB. Through the annual Accessibility Plan status report process implemented under the AODA, LDSB’s programming, policies, and practices have been assessed to ensure a continuous improvement in accessibility. This process has also been informed by feedback by the LDSB SEAC. This process will continue through the creation and regular updating of a Multi-Year Accessibility Plan which places particular emphasis on the provisions of regulations made under the AODA with regard to customer service, information and communications, employment, and school transportation.

### G. Barrier Identification Methodologies

Methodology	Description	Status
K-12 Education Accessibility Standards	Review of key sections of the K-12 Education Accessibility Standards by the Accessibility Committee.  Seek input from staff, students, families, SEAC, Senior Team, and the Accessibility Committee	Annually
Public and employee feedback	Special Education Review data  Comments gathered through web page access ( <a href="#">Accessibility Feedback Form</a> ) and for employees through individual requests for accommodations (HR accommodations plans and emergency response plans	Spring and Fall 2023  Ongoing
Review of plan and status report by SEAC	Opportunity for input and feedback prior to approval and posting on webpage.  Include both Accessibility Plan and Appendices	Annually

Accessibility Planning Committee review of plan and development of status report	Opportunity for input and feedback prior to bringing to Senior Team and SEAC	Annually
Accessibility Planning Committee considers Facilities reports	Audit of buildings and identification of schools for action included in multi-year strategy.  Use of Facilities Improvement Plans (FIPs) as possible accommodation supports. Accessibility Reviews for schools classified as Level 1	Ongoing

## H. Recent Barrier Removal Achievements – School/Buildings

As required by the AODA, the Accessibility Planning Committee recognized a variety of barriers which were grouped into the following five categories: Attitudinal, Informational and Communication, Technological, Systemic, and Physical and Architectural. Categories may be added as the K-12 Education Accessibility Standards are mandated by the Ministry of Education. The LDSB is committed to the ongoing identification, removal, and prevention of barriers for persons with disabilities. The following chart identifies recent actions implemented to remove barriers:

Site	Barrier Being Addressed	Status
Amherstview	PA speaker installed in sensory room	Completed
Amherstview	Accessible washroom on second floor	Completed
Centennial	Washroom redesign for barrier free	Completed
Centennial	Accessible garden planters	Initiated
Collins Bay	Ramp to accommodate daycare	Initiated
Elginburg	Automatic door at front of school	Completed
Ernestown	Contrast painting on stairwell	Initiated
FSS	Automatic doors for accessibility to particular space	Completed
Joyceville	Accessible play structure for J/I students	Completed
Glenburnie	Ramp for courtyard entrance	Planning
Glenburnie	Additional accessible entrance	Initiated
Holsgrove	Addition of accessible parking spaces	Completed
Holsgrove	Addition of accessible front door with auto opener	Completed
KSS	Paint stair nosings, tactile strip/railing, colour contrasting, colour strip on ramp into tech area	Completed
LCVI	Accessibility improvements – courtyard	Completed
LCVI	Accessible parking improvements	Initiated
LCVI	Improved access to elevator for student	Initiated
LCVI	Improve accessibility in WR	Construction
LaSalle	Accessible door in vestibule not working	Planning
Lord Strathcona	K yard improvements	Construction

LDSB Multi-Year Accessibility Plan – 2023-2026

Loughborough	Accessibility improvements on exterior door locations	Initiated
Loughborough	Site improvements to K yard	Initiated
Odessa	Accessible washroom	Completed
Odessa	Painting for accessible parking space	Completed
Selby	Accessible ramp improvements	Initiated
Sydenham HS	Visual fire system	Completed
Sydenham HS	New elevator needed	Construction
Winston	Improvements to K yard	Initiated

## I. Barrier Removal Achievements – Board-wide

Barrier Addressed	Status
Develop Accessibility Policy Statement	January 1, 2013
Develop a Procedure re: Accessible Information and Communications	January 1, 2013
Develop Procedure re: Accessible Employment	January 1, 2013
Review procurement practices to incorporate accessibility criteria for goods, services, facilities	January 1, 2013
Provide accessibility awareness training for all educators/classroom-based staff on accessible instruction and program delivery	2013
Provide training to all staff, volunteers on accessibility standards requirements and on Human Rights Code provisions re: disabilities and ensure third-party providers have similar training	2014 and yearly
Review process for receiving/responding to feedback to ensure accessibility to persons with disabilities and readiness to provide accessible formats and communication supports upon request. Notify the public re: above.	2014
Review board and school websites to assess level of accessibility. Ensure that new sites and web content published after January 1, 2012, meet WCAG 2.0, Level A standards.	2014
Review and update Human Resources procedures and practices with regards to recruitment, job accommodations, alternative accessible formats and communication supports, individual accommodation plans, return to work, performance appraisal, career or professional development, redeployment	2014
Consult with parents, develop individual school transportation plans for students with disabilities, clarifying roles and responsibilities	2014
Identify and have ready access to resources that enable the board to provide information, and communication supports upon request and in a timely manner to persons with disabilities. (Consider access to Board Meetings/school events)	2015
Ensure readiness of school libraries to provide accessible or conversion-ready formats of print resources upon request	2015
Roll out of Google Read and Write for all learners	2017
Review status of capacity of school libraries to provide accessible or conversion-ready formats of all resources upon request	2017, 2018, 2019

Review accessibility features of all updates and purchases related to board and school websites in anticipation of WCAG, 2.0, Level AAA standards	2017, 2018, 2019
Review and update process for receiving feedback related to accessibility	2018
Increase accessibility to literature and professional resources through the use of technology via online library OverDrive (Sora)	September 2019
Provide equity of opportunity and inclusion of all students through the establishment of school-based accessibility audits	2019-2020
Revise and implement Administrative Procedure 302: Service Animals for Students with Special Needs to align with PPM 163: School Board Policies on Service Animals	2019-2021
Update Accessibility Plan for 2023-26 timeframe Update website to be in compliance with AODA expectations Incorporate K-12 Education Accessibility Standards as able	January 2023 September 2024 Ongoing

**J. Barriers to be addressed under the Multi-Year Accessibility Plan**

The Integrated Accessibility Standards Regulation 191/11 filed in June 2011, pursuant to the AODA identified specific requirements to achieve accessibility in the areas of:

- Customer Service
- Design of Public Spaces
- Information and Communications
- Employment
- Transportation

The requirements build on the *Accessibility Standards for Customer Service* which came into force in 2007.

In anticipation of the formalization of all or part of the *K-12 Education Accessibility Standards*, LDSB will incorporate some of the accessibility areas defined in both these standards as appropriate and reasonable. The areas defined in the *K-12 Education Accessibility Standards* are as follows:

- Attitudes, Behaviours, Perceptions, and Assumptions
- Awareness and Training
- Curriculum, Instruction, and Assessment
- Digital Learning and Technology
- Organizational Barriers
- Social Realms
- Physical and Architectural Barriers
- Planning for Emergency and Safety
- Timelines and Accountability
- Transitions

The LDSB intends, through this Multi-Year Accessibility Plan for the period 2023-2026, to take action to address barriers to accessibility related to the Standard’s areas of current regulations, as well as appropriate sections of the *K-12 Education Accessibility Standards*. This is in addition to the work the board is undertaking with regard to identification and removal of barriers in the board’s physical environment.

**2017-2018**

Barrier Type	Location	Action	Effective Date	Accountability	Status
Systemic	Board-wide	Review policies, procedures, practices, and forms to ensure compliance in preparation for completing the Accessibility Compliance Report	December 31, 2017	Accessibility Planning Committee	Completed
Information and Communication	Board-wide	Review and update the Multi-Year Accessibility Plan by May 2018	May 2018	Accessibility Planning Committee	Completed

Attitude	Board-wide	Create and maintain a network of staff with disabilities	September 2024	Accessibility Lead	In progress

## **K. Review and Monitoring Process**

The Accessibility Planning Committee meets regularly during the year to review progress and evaluate the effectiveness of implementation of barrier removal and prevention strategies and to plan for increased accessibility throughout the Board.

The Accessibility Planning Committee will ensure that in respect of the Multi-Year Accessibility Plan the following steps take place:

- a) An annual status report on the progress of the measures taken to implement the plan is prepared and posted on the Board website
- b) At least once every three years, the plan is reviewed and updated with the advice of persons with disabilities, the SEAC, the Accessibility Planning Committee, and other interest holder groups as deemed appropriate

## **L. Communication of the Plan**

In addition to the public availability of the Multi-Year Accessibility Plan on the website, LDSB will post an annual status report on the progress of the Multi-Year Accessibility Plan. The board will accommodate requests for accessible formats of the Plan.

Questions, comments, or feedback regarding the Accessibility Plan may be directed to:
